

Memoranda

The survey of sections 16, 20, 21, 28, 29, 31, 32, and 33 as indicated by the owners names on the plat on opposite side
The township had been very irregularly surveyed by G. Potter and my survey was to readjust the areas and straighten the lines
To avoid litigation the survey was delayed to gain consent of affected parties.

The corners were marked as shown, by cement or stone. The report gives some particulars and was filed Oct. 31 1916.
all help was sworn and paid
